

2009 Pinewood Derby Workshops

The **Air Traffic** store in Burnsville Center (<http://www.airtrafficonline.com/>) is going to allow us to use their game room in the back/middle of their store for the workshops **AFTER CHRISTMAS**. (They need the space for inventory before then.) If your pack/group needs a workshop or two before these dates, you need to find a place to have it and tell me so I can get there with the tools and other fun stuff!

PLEASE take time to stop by and thank them for their help in keeping the Pinewood Derby Workshops going! I would also like to thanks Packs 204 and 205 for their support again this year.

Air Traffic is located on the upper floor by Sears. (They also have stores in Eden Prairie, Rosedale and Mall of America)

The pinewood derby workshop times are from **5:00PM until 8:30PM** to allow some clean up time before the 9:00PM store closing time.

The dates of the 25 workshops spread over 12 weeks are:

2009 Pinewood Derby Workshops		
Tuesday	Wednesday	Thursday
January 6th	January 7th	No workshop
January 13th	January 14th	No workshop
January 20th	January 21st	January 22nd
No workshop	January 28th	No workshop
February 3rd	February 4th	February 5th
February 10th	February 11th	No workshop
February 17th	February 18th	February 19th
February 24th	February 25th	No workshop
March 3rd	No workshop	March 5th
March 10th	No workshop	March 12th
No workshop	No workshop	March 19th
March 24th	March 25th	No workshop

Watch PwDRacing.com for any updates. If I have additional races that get scheduled I will be canceling that evenings workshop.

The other great news is that **Air Traffic** is trying to get us into Rosedale Mall January 29th for OPEN Pinewood Derby Racing!

This will allow for any group or individual to come and race their cars. If there is a Cub Scout Den or Pack, Girl Scout Troop, Awana Club, etc. that wants to use this as their race, it would be a great chance to use the track system without having to find the location for the race.

I know of at least one Pack, that has their race after their district race, and they plan on using the times for the cars at the Rosedale races to select their District competitors.

As always I am looking for adult volunteers to help run the workshops and races. . . NO SETUP OR TAKEDOWN of all the tools this year!!!!

THANK YOU AIR TRAFFIC!
